

OMAA is pleased to share this SAVE THE DATE for our online symposium on the 28 September 2021. The symposium will be run from 10am – 6pm (AEDT) and will be hosted by NextSense Institute. This event will be online using the Zoom platform and further registration details will be shared soon!

This year's symposium theme is Adapting to Change. We are calling for creative presentations for the O&M professional, that tie this theme to the topic areas below.

As part of this announcement, you are invited to submit a presentation abstract to be part of this exciting event.

We are seeking presentations of 20 – 25 mins duration (including 5 – 10 mins for questioning) on one of the following topics:

- Technology
- Children
- Additional Client Complexity
- Cerebral Visual Impairment/Neurological Visual Impairment

How do I submit a presentation proposal or indicate interest? Complete the form on Page 2 of this announcement and submit the proposal according to the instructions.

We will share further details about the Symposium early next week!

Warm regards

The OMAA Professional Development Team

OMAA Online O&M Symposium 2021 - Presentation Application
